

SHIVER

Fragments of light

Style I

kariba

The deepest reflection

This bold blue espresso machine is fully clad in a mosaic of shattered glass fragments, each piece carefully arranged to create a surface alive with light and texture. The deep color contrasts with the brilliance of the glass, giving the machine a sculptural presence

Shattered tension

The glass insert features a dynamic composition of geometrical fragments, arranged in patterns that plays with depth and reflections. Sharp angles and shifting surfaces create a sense of controlled energy - bold, luminous.

Torre Espresso

Style 2

teal

Elegant, Timeless Reverie

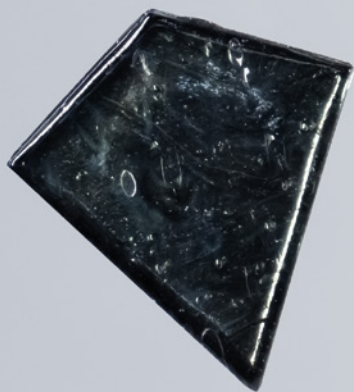

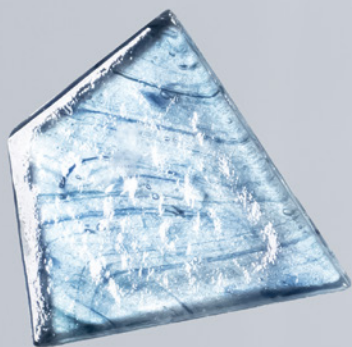

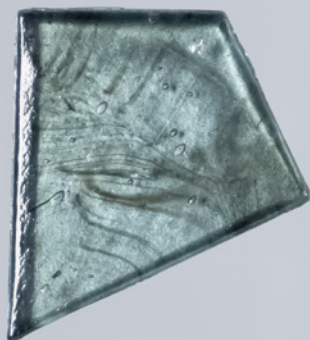

Finished in timeless and elegant teal tint; tempered glass inserts in different shades of green bring dynamism to the lines and evoke a natural luminosity as if it comes from Belle Époque.

green

Domestic Chic, Alternative Soul

With acid green body, the shattered glass fragments on its side make this espresso machine both bold and domestic; a quite homely treasure with alternative soul.

SHIVER

Bright blue and green glass inserts bring a luminous, artisanal accent to luxury espresso machines. Each piece is crafted with precision, infusing every machine with a unique interplay of color, craftsmanship, and refined elegance.
